In the event of lightning, the site director will sound a signal for all students to immediately clear the playing field and proceed as quickly as possible to a designated covered area. Do not worry about equipment or bags unless instructed to do so. TSW staff will pick up balls and other equipment.

Be prepared with sun block lotion to protect from exposure to the sun. Shade and extra water will be provided.

All students are required to wear shin guards during contact activities.

Do not wear new shoes for the first time on the first day. New shoes will cause blisters until they are broken in. If you wear new soccer cleats for the first time use extra socks and put Vaseline petroleum jelly on any potential spots where blisters may form. Bring extra shoes in case blisters form.

Drink lots of water to stay hydrated during the day. THIRST IS AN INDICATION THAT YOU ARE DEHYDRATED. DO NOT WAIT UNTIL YOU ARE THIRSTY TO DRINK WATER OR SPORTS DRINKS. Take advantage of all water breaks provided. Bring a water bottle with your name on it. Extra water will be available.

All injuries must be brought to the attention of your coach immediately so proper treatment can be administered and the injury can be logged. Please do not wait until the next day to report an injury.
